

Vendor Compliance Streamlined for a Leading **Manufacturing Company**

THE CLIENT

Responsible for operations of top 100 companies across seven business sectors, their group company is a global leader in IT services, consulting, and business solutions. It has an extensive network of innovation and delivery centres with a global presence.

PROBLEM STATEMENT

- Unawareness of the applicable location-specific regulations for multiple branches
- No visibility on the Compliance and Risk Levels for the vendors at different locations
- Legal implications for Principal Employer due to Non-Compliance of Vendors
- Zero access to the statutory records of vendors during EPF/ESI inspections
- Difficulty in tracking invoices of multiple vendors and streamlining payments

OUR SOLUTIONS

TRACKING COMPLIANCE
with applicable statutes to each vendor as per the due dates

IN-DEPTH VISIBILITY
into the compliance status and risks levels of vendors through dashboards and reports

BETTER CONTROL
for principal employers to mitigate vendor non-compliance risks

AUTOMATED FEATURE
to audit Vendor's Compliance Records on a real-time basis, virtually

COMPLIANCE CERTIFICATE
generation, upon completion of the audit, month on month, vendor wise

INVOICE CLEARANCE
based on compliance certificate for each vendor
